

Our Promise To You: *To deliver a luxurious spa experience.*

We are here... Right in the heart of Nelson City, and thrilled to be able to share our new premises with you! If you didn't get a chance to attend our opening event then now is the time to treat yourself! Take advantage of one of our fabulous Autumn specials and keep your eyes on our social channels for our upcoming Mothers Day offer.

A big thank you to everybody who helped us bring you this beautiful new space. A massive shout out to Dean Waring from DW Builders. He pretty much took over project management and even helped us with the last minute transport of items from Nile Street. Thank you to George Molnar from Bays Joinery for the joinery and reception desk, delivered on time, as promised, we love it! Much gratitude to Emma Gale from Frank Design for putting up with my late night texts and emails asking for her advice. Thanks, Gemma Reed from Art Dept for your sign writing skills and dealing with last minute requests. Heidi Stuart from Canopy Landscapes was a star, executing amazing plans for the frontage and plantings. Jaime from Colonial Landscapes had to bed in all the plants in a drought! Thankfully, we had some rain immediately afterwards. Thank you to Craig and the boys from Maxwell Electrical who did a fantastic job of getting us connected. Thanks also to poor Richard, who put up with my constant requests to help fix things up. And finally, last but in no way least, my fantastic team who all pitched in to help pack up Nile Street, so all I had to do was move things across. A special thanks to Bridgette who was a 'Girl on Fire' when it came to organising our reopening, we only closed for two days! Bridgette and Stacey were spectacular helping to clean over that time. Then it was all hands on deck from the rest of the awesome Woman team who made sure everything was in place and shipshape for our grand opening.

If you are coming to visit us, please bear in mind that we still have a few signs to put up outside, which we hope to have completed within a month. But to help you find us, look out for the only 'bungalow' on New Street, it's painted white with a pretty white fence out the front.

We hope to see you all very soon.

Delene & the team at Woman

5 FOODS TO FEED YOUR FACE WITH...

AVOCADO - Avocados provide essential fatty acids which can act as a natural moisturiser for your skin. They're also chock full of vitamin E, a powerful antioxidant.

OATMEAL - A nutritious whole grain and excellent skin food. This low GI food releases sugar into the bloodstream gradually. This means you're less likely to reach for quick sugar fix snacks that certainly won't be good for your skin!

COLOURFUL FRESH FRUIT & VEGGIES - By eating a diet full of colourful, fresh fruits, berries and veggies you'll get enough minerals, phytonutrients, and antioxidants to prevent damage from free radicals.

NUTS - Eat them raw and unsalted for a powerful protein-packed snack. They contain essential minerals and vitamins to keep your skin clear, smooth, and youthful.

CHOCOLATE - Just make it dark chocolate with at least 70% cocoa. Cacao beans are rich in antioxidants called flavonoids. These can help protect your skin from UV damage, but don't ditch the sunscreen all together!

Cancellation Policy:

If you need to cancel or postpone your appointment please make a courtesy call at least 24 hours in advance. Please note that failure to arrive at your appointment (no call, no show) will deem gift vouchers void. Cancellations on the day of the appointment will incur a 50% fee.
