

Our Promise To You: *To deliver a luxurious spa experience.*

This month marks a year since we relocated to our new premises. The excitement of moving was always going to be tinged with just a little nervousness. Still, after twelve months in our new home, we are proud and delighted that it has been a brilliant transition. Our move has included so many benefits for our team, but more importantly, for all our wonderful clients.

Once again, I would like to thank the girls here at Woman, Bridgette, Holly, Hayley, Stacey, Pip, Lauren and Anja. They all work consistently hard to ensure that Woman Day Spa is the first choice in Nelson for those who wish to relax and be truly pampered. I am proud of our reliable crew, we have decades of combined experience, and our customers tell us how much this means to them. From the minute a person walks through the door, we are all dedicated to ensuring your visit exceeds your expectations.

We look forward to treating all our regular clients and new customers throughout 2020.

Thank you for choosing us to help you feel and look your best.

In this newsletter, we have some lovely relaxing treatments for you to enjoy and some great options before heading off on your next getaway. Enjoy!

MAKING THE MOST OF YOUR BROW TREATMENT:

When your Woman eyebrow tint is first applied, we recommend that you don't wet or cleanse the area for twenty-four hours. We also suggest you continue to avoid exfoliation of the area to keep that fresh, filled in look. As the tint inevitably starts to fade, we have a range of Jane Iredale products that can be used at home to maintain the fresh salon look we know you love.

1: Jane Iredale brow gel. This comes in three shades, brunette, blonde or clear. The brow gel is essentially a mascara product but for your brows. So it will give them a boost of colour while also taming any stray hairs into place.

2: Jane Iredale's retractable brow pencils. These come in a range of brunettes and blondes to suit your hair and brow colours. They are great for filling in any sparse areas in the brow that may need some extra help. You'll find them easy to use because they have a crayon tip as opposed to a pencil tip, which can give a harsh line on the brow.

3: Great Shape eyebrow kits. These kits include a brow powder to fill in your brow, a wax to set the hairs in place and an angled brow brush to apply the products. You can achieve a very natural look for day wear. For more glam makeup, you can define the brow by combining the wax and powder for a sharper look.

REVITALASH

Transform, beautify & lengthen your lashes.

This ophthalmologist developed eyelash conditioner offers proven results, achieving stronger and healthier looking lashes.

Hypo-allergenic, non-irritating, dermatologist reviewed, clinically tested and cruelty free.

1ml, 2ml and 3.5ml.

Guaranteed to work!

AND FINALLY BROWS THAT WOW!

Cancellation Policy:

If you need to cancel or postpone your appointment please make a courtesy call at least 24 hours in advance. Please note that failure to arrive at your appointment (no call, no show) will deem gift vouchers void. Cancellations on the day of the appointment will incur a 50% fee.
