

Our Promise To You: *To deliver a luxurious spa experience.*

This past year has been a bit of a roller-coaster with a few lows, and, fortunately, more highs.

I'm sure I'm not the only one who vowed over the COVID lock down to slow down and not take on as much... But, back to normal, we go. And at this time of year, it's easy to feel overwhelmed by festive events, we all race around to get things done.

One thing I have personally taken on board this year is to take a step back and think about what is important to me. I've concluded it's my health and well-being. Not just for my benefit, but also those closest to me. I've vowed to take time out doing the things I enjoy, whether it be exercise, spending time with friends or just relaxing and doing nothing. I no longer over think everything (we are all good at that!). And if I don't want to do something then I know it's okay to say no without reason.

It seems I'm not alone in my new-found outlook. We have had many people visit us this year to spend longer than they usually would at the Spa. It's so lovely to see our clients spoil themselves or their friends and family members. It has been great to see so many learning to relax. We have also had a lot of groups in which is lovely, especially after earlier months in isolation. We always aim to facilitate groups and let them enjoy the Spa exclusively. We want to thank you all for your continued support this year.

We are closed from 25th December, but we will see you back on 5th January. If you need to contact us, please email or leave us a message and we will reply as soon as we are able. Have a lovely Christmas break whether that is at home or your favourite bach and a safe and Happy New Year!
