SUMMER 2021

Hello Summer! What a year it has been for everyone! We want to take this opportunity to thank all of you for your ongoing support, which has got us through 2021. We so appreciate every one of you who chooses us for your well-deserved treats throughout the year, shops with us for your home skincare, or gives a pampering gift to a loved one in the form of a gift voucher! It is all so greatly appreciated.

We can't wait to paint, wax, tan and tint you all in preparation for the festive season and summer! As usual, we love to host your Christmas parties in-salon. Contact us for group bookings and remember we can happily accommodate large groups.

If you would like to give the gift of relaxation this Christmas, we are more than happy to help! Call in for any gifting advice you may need.

Just a reminder that we will be closed over the holidays to give our team a well-deserved break. We will close our doors from 2:00 pm on December 24th and will reopen on Monday, January 10th 2022. You can still purchase gift vouchers online; however, they will be email delivery only. Please note if you select *courier delivery* at checkout, they will not be posted until we return to the salon in the new year.

This year, as a new service, you will be able to make online booking requests via our website for appointments when we reopen. One of our team will contact you to confirm whether we can accommodate your booking request. All that remains is to wish you all a Merry Christmas and a safe and happy New Year!

**STOP PRESS:** Just as this newsletter is heading to print we find ourselves in the very sad situation of having to tell you all that Bridgette will be leaving our team. We wish her the very best of luck in her future endeavours. We will be contacting you to reschedule any appointments you may have. Delene will be returning to a more full-time basis for now, and we will have a new team member joining us, so stay tuned for introductions!

**FAREWELL HAYLEY** Last month we sadly said goodbye to Hayley after five years with us here at Woman. Hayley was a much-loved team member both with our staff and you, the clients. While this is a massive loss for us, we are also delighted that Hayley follows the passions that align with her moving forward. Hayley has long been a lover of the more holistic and spiritual approach to working with clients. After recently completing a course learning Reiki, she has got the nudge she needed to dive deeper into that realm of treatments. We wish her nothing but the best and have no doubt she will achieve great success in anything she puts her time and energy into.

## FOUR TIPS TO HELP YOUR SUMMER MANI LAST LONGER

**AVOID THE DISHES:** If you think you can convince your partner or flatmates to do the dishes for two weeks, excellent, all kudos to you! But we get it if you can't; just invest in some rubber gloves for when it's your turn to do the household chores.

**REACH FOR THE RIGHT TOOLS:** Whether you're trying to open a package or remove a sticky label, it's generally easy to find a tool that will help you complete your task. But if you choose to use your nails, it's a surefire way of saying bye-bye to your beautiful polish.

**CHOOSE HAND WASH OVER HAND SANITISER:** We know you're all trying to be careful in COVID times, and we commend you for that. But, if you can choose between washing your hands with soap and water and applying a hand sanitising gel, always try to opt for the first! It's much kinder to your mani.

**INVEST IN SHELLAC:** Choose regular polish, and you can expect your manicure to last around a week. But for an extra \$25, you can add shellac polish to any of our treatments. There is a common misconception that shellac is the same as gel nail polish; it's not. Shellac is a mix of gel (for added durability) and regular nail polish. Shellac doesn't look as thick or feel as hard as gel polish. With the correct aftercare, you can expect your shellac manicure to last around fourteen days. We think you'll agree that it's well worth an extra \$25!

**IMPORTANT:**  
We've updated our Cancellation Policy...  
Please Read!

We reserve the right to request full payment when you book your treatment. If you need to cancel or postpone your appointment please make a courtesy call at least 24 hours in advance and we will refund any prepaid charges. Cancellations on the day of the appointment will incur a 50% fee. Please be aware that arriving late will result in your treatment time being affected as we run on a strict schedule.
